Valley First Federal Credit Union
Acceptable Use Policy for Public Wi-Fi Network

Introduction
This Acceptable Use Policy (AUP) outlines the rules and guidelines for using the public Wi-Fi network provided by Valley First Federal Credit Union operating as Valley First Credit Union ("Valley First" or "Credit Union"). The purpose of this policy is to ensure the security, integrity, and fair use of the network for all users. By accessing and using the public Wi-Fi network, users agree to abide by this AUP in its entirety.

Responsible Use
Users must use the Valley First Credit Union public Wi-Fi network responsibly and refrain from engaging in any activity that may disrupt or compromise the network's performance, security, or integrity. Users shall not attempt to access unauthorized resources or engage in any illegal, unethical, or prohibited activities.

Security
a. Users are responsible for maintaining the security of their own devices. It is recommended that users have up-to-date security software and firewall protection on their devices to prevent unauthorized access or malware infections.

b. Users must not attempt to access other users' devices or data on the network, nor attempt to intercept or manipulate network traffic.

Prohibited Activities
The following activities are strictly prohibited while using the Valley First Credit Union public Wi-Fi network:

a. Unauthorized access to networks, systems, or data.

b. Distribution or downloading of copyrighted material without permission from the copyright holder.

c. Intentional introduction of viruses, malware, or any harmful software into the network.

d. Use of the network for any illegal purposes, including but not limited to fraud, harassment, or the transmission of offensive content.

e. Engaging in any activity that violates applicable local, state, or federal laws and regulations.

Bandwidth Usage
Users are expected to use the Valley First Credit Union public Wi-Fi network responsibly and avoid activities that consume excessive bandwidth, which may degrade the network's performance for others, such as large file downloads, video streaming, and online gaming.

Personal Information and Privacy
a. Users are responsible for protecting their personal information while using the Valley First Credit Union public Wi-Fi network. The credit union shall not be held liable for any data breaches or unauthorized access to personal data.

b. Users are advised not to conduct sensitive transactions or share confidential information over the public Wi-Fi network.

Children's Safety
Parents or guardians are responsible for supervising their children's use of the Valley First Credit Union public Wi-Fi network. It is essential to ensure that children are engaged in safe and appropriate online activities.

Network Monitoring
Valley First Credit Union reserves the right to monitor network traffic for security and compliance purposes. By using the public Wi-Fi network, users consent to such monitoring.

Violations and Consequences
a. Any violation of this AUP may result in the suspension or termination of network access without prior notice.
b. Valley First Credit Union may report illegal activities to the appropriate law enforcement authorities.
